Safety Buck Program

We are extremely excited about our Safety Buck's Program. We promote Safety, Productivity, and Quality at QLM, and it is not by mistake that Safety is first.

Our team member's safety is priority number one for us, but it starts with our outstanding team members. 90% of all accidents occur due to an unsafe act, not condition.

So we are rewarding our team members for your safe actions on the job. For every hour you work safely you will earn a safety buck that can be redeemed from our Safety Buck's Catalog. Your safety bucks appear automatically on your electronic pay stub. All you have to do is fill out the order form on the back of the attached catalog and turn it into your branch.

Your item will be sent to your home based branch within 2 to 4 weeks.

A text will automatically be sent to you upon it's being shipped out.

Have an outstanding day, and as always be Safe!

Mark A. Lang Sr.

Dampen the Chill-Its® 6602 Evaporative Cooling Towel to create a cooling aid significantly colder than ambient air. Advanced PVA material holds water without feeling heavy. Wear for hours, or wipe off for quick relief. Simply re-wet the towels to reactivate. Reduces heat stress and fights fatigue. Machine washable.

POWERCAP LED Lighted Hats Combine Patented Ultra Bright LED technology with premium Ripstop Nylon ball caps to provide you with the perfect hands free flashlight. The 4 LED's provide more than 48 Lumens and are concealed under the brim so the hat looks just like any other hat until you need to turn them on. When you do click the easy on/off switch under the brim, you'll notice that 2 of the LED's are angled down at 25 degrees to light up where your hands are for close up tasks, while the other 2 LED's are aimed

forward to light the distance up to 42 feet away. 4 CR2032 Coin Cell batteries are hidden in the sweatband, provide up to 43 hours of life and are easily replaceable.
