CANDIDATE OVERVIEW

An accomplished MEP construction professional with over 25 years of experience leading large-scale commercial, industrial, healthcare, mission-critical, refinery, utility, and data center projects ranging from \$99 million to multi-billion-dollar developments.

Extensive experience managing mechanical, electrical, plumbing, and piping scopes, including subcontractor coordination, manpower planning, scheduling, material procurement, and daily field operations. Proven ability to oversee large field teams, with responsibility for 500+ subcontractor personnel and project sites exceeding 1,000 workers.

Project experience includes clean rooms, hospitals, schools, water treatment facilities, PG&E power plants, refineries, and mission-critical/data center environments. Has successfully worked for nationally recognized general contractors, including Yates Construction, Kiewit, and Tutor-Perini Corporation, with experience in both union and merit shop settings.

OSHA 30 certified with a proven track record of delivering complex MEP projects through strong field leadership, effective team coordination, and a commitment to safety, quality, and schedule.
