CANDIDATE OVERVIEW

Accomplished Safety Manager with experience leading safety programs across federal construction, manufacturing, disaster response, and military environments. He has successfully developed and implemented comprehensive safety programs, ensuring compliance with OSHA, EM 385-1-1, and USACE standards while supporting high-profile government projects and large industrial facilities. His background includes conducting site inspections, audits, incident investigations, risk assessments, Activity Hazard Analyses (AHAs), Job Hazard Analyses (JHAs), and developing Accident Prevention Plans (APPs) that promote a proactive, zero-incident safety culture. Ryan works closely with project managers, superintendents, quality control personnel, and subcontractors to identify hazards, mitigate risks, and maintain compliance throughout every phase of construction. As a retired U.S. Army veteran, he brings exceptional leadership, accountability, and the ability to perform in fast-paced, high-risk environments, making him a strong fit for mission-critical and commercial construction projects.

KEY STRENGTHS

- Extensive experience leading safety programs on federal, industrial, and commercial projects.
- Strong knowledge of OSHA, EM 385-1-1, and USACE safety compliance.
- Proven leader in conducting audits, inspections, and incident investigations.
- Experienced partnering with project teams to build a proactive safety culture.
- Retired U.S. Army veteran with exceptional leadership in high-risk environments

SKILLS CHECK LIST

- OSHA & EM 385-1-1 Compliance
- AHAs, APPs & JHAs
- Safety Audits & Inspections
- Incident Investigation & Root Cause Analysis
- Toolbox Talks & Safety Training
