RELOCATION Open to Travel – Montgomery Preferred

START DATE Approximately 2 Weeks Following Offer

CANDIDATE OVERVIEW

Experienced QA/QC construction professional with approximately 10 years of large-scale renewable project experience and a strong background in field quality operations. Experience includes reviewing contracts, scopes, IFC drawings and specifications; developing project-specific ITPs and inspection hold points; managing submittals and RFIs; conducting inspections; and ensuring field installations meet project and owner requirements. Has led quality teams of approximately 30 inspectors/technicians on projects with 300–500 peak site personnel and regularly coordinated with owners, Superintendents, field engineers, and project leadership. Also experienced with NCRs, root-cause analysis, corrective actions, deficiency tracking, turnover, and quality documentation.

KEY STRENGTHS

- 10+ years of large-scale renewable construction and QA/QC experience
- Managed approximately 30 quality inspectors/technicians
- Quality oversight on projects with 300–500 peak site manpower
- Strong ITP, inspection, IFC drawing/specification, submittal and RFI experience
- Experienced with NCRs, root-cause analysis and corrective actions
- Direct owner and field leadership coordination
- Benchmark/first-work and turnover inspection experience
- Extensive traveling-project background

SKILLS CHECK LIST

- QA/QC Inspections
- Inspection & Test Plans (ITPs)
- IFC Drawings & Specifications
- Submittals / RFIs
- NCR Management
- Root-Cause Analysis
- Corrective Actions
- Deficiency / Punch Tracking
- Hold Points / Benchmark Inspections
- Owner QA/QC Coordination
- Turnover / Closeout
- Quality Team Leadership
- Microsoft Excel / PowerPoint
