REF CND325090

Safety Engineer / Safety Medic / Construction Safety Professional

Commercial Construction / Construction Safety / Emergency Medical Services

4+ Years in Construction Safety

YEARS OF EXPERIENCE

NAME	Confidential Candidate
LOCATION	El Paso, TX
POSITION	Safety Engineer
YEARS OF EXPERIENCE	4+ Years
CERTIFICATIONS	CHST, STSC, OSHA 30 Construction, Advanced EMT, PHTLS, ACLS, BLS, CPR
SALARY REQUIREMENT	$85,000–$86,000/year
RELOCATION	Not Required – Local to El Paso
START DATE	2 weeks from offer

CANDIDATE OVERVIEW

Damien is an El Paso-based safety professional with over four years of combined construction safety and emergency response experience. Most recently, he worked as a Safety Engineer with M.A. Mortenson from October 2025 through September 2026, conducting daily jobsite inspections, hazard assessments, safety orientations, incident investigations, and subcontractor coordination. Previously, the candidate served as a Safety Medic with GEMS, supporting active construction sites with safety inspections, pre-task planning, emergency response, and monitoring high-risk work. In the Safety Engineer role, the candidate participated in foremen meetings, reviewed potential hazards before work began, completed field walks, addressed hazards, attended safety meetings, and supported subcontractor onboarding. The candidate reported spending approximately 80% of the time in the field and 20% in the office and is comfortable with Microsoft Office safety documentation. The candidate holds CHST, STSC, and OSHA 30 Construction credentials and has an emergency medical background. Local to El Paso, the candidate is interested in a hands-on Safety Engineer position, is available two weeks after an offer, and is seeking approximately $85K?$86K annually. Overall, this candidate is worth a conversation for a field-focused construction safety role.

KEY STRENGTHS

- • 4+ years of combined construction safety and emergency response experience
- • Most recently worked as a Safety Engineer with M.A. Mortenson in El Paso
- • Experience conducting daily jobsite inspections, hazard assessments, incident investigations, and safety orientations
